Amendments to the 2025-26 LECA Annual Report

Issued: November 24, 2026

Purpose

Following publication of the Law Enforcement Complaints Agency (LECA) 2025-26 Annual Report, minor inaccuracies were identified in certain statistical information and related analysis.

This document sets out the corrected 2025–26 statistics, related comparative information, and revised analysis. These amendments form part of the 2025–26 Annual Report and should be read together with the Annual Report.

The amendments correct the presentation of statistical information in the 2025-26 annual report and do not impact the underlying case records.

Specific Amendments

Page 39: Redirection of Adequacy and Effectiveness Complaints to the Inspectorate of Policing

The policy complaint and service complaint outcome tables are amended as follows:

Policy Complaint Outcomes 2056-26 Incident date(s) after April 1, 2024	
Redirected to Inspectorate of Policing	21
Total	**21**

Service Complaint Outcomes Incident date(s) after April 1, 2024	
Redirected to Inspectorate of Policing	262

Total	**262**

Page 42: Substantiated and Unsubstantiated Findings

The affected paragraphs are amended to read:

In 2025–26, 825 conduct complaint decisions were issued by LECA, including 761 unsubstantiated findings and 64 substantiated findings.

In comparison, 725 decisions were issued by LECA in 2024–25, including 663 unsubstantiated findings and 62 substantiated findings. This represents a 14% increase in the total number of decisions issued in 2025–26. While the overall number of decisions increased, the total number of substantiated findings remained relatively stable. The data includes decisions issued under both the CSPA and the PSA.

The statement attributing an increase in substantiated findings to a broader range of complex and public-interest investigations is withdrawn because it is not supported by the corrected results.

Conduct Complaints Decisions Issued	2025-26
Unsubstantiated	761
Substantiated	64
Total	**825**

Effect of the Amendments

These amendments correct statistical information and related analysis in the identified sections of the Annual Report. They do not change:

- the underlying complaint decisions;
- the findings communicated to complainants, respondent officials or police services;
- individual complaint or investigation records; or
- any action taken in relation to an individual complaint.

LECA has strengthened its data-validation and quality-assurance processes to support accurate and consistent public reporting.

Sincerely,

Stephen Leach
Complaints Director
