Service Investigations Referred to:

De-identified Summary of Complaint

The Complainant alleged that the attending subject officers acted in an unprofessional manner during their interaction with the Complainant. The Complainant further alleged that the attending subject officers used unnecessary or excessive force during their interaction with the Complainant by pointing firearms at her children.

Unsubstantiated Code of Conduct Allegations

The involved officer were alleged to have committed misconduct in that:

Allegation #1: Interactions with the Public,

Section 10(1) You conducted yourself in a manner that undermined, or was likely to undermine, public trust in policing,

- It is alleged that the Respondent Officers acted in an unprofessional manner during their interaction with the Complainant.

Allegation #2: Interactions with the Public,

Section 11(1) You used unnecessary or excessive force against any person,

- It is alleged that the Respondent Officers used unnecessary or excessive force during their interaction with the Complainant.

Decision and Reasons

Both of the above allegations have been unsubstantiated for all of the subject officers due to the fact that the entire interaction was captured on eight individual Body Worn Camera (BWC)'s. The videos reveal that at no time did any of the subject officers behave in an unprofessional manner and there was no excessive or unnecessary force used by any officer. No firearms or any other weapon were pointed at any occupant of the residence. This is corroborated by the BWC footage, the fact that the requirement for a Use of Force report was not triggered, and by the statements of each individual subject officer.
